Subject: Exemption: Docket No. FAA-2021-0942 - Request For Information

March 8, 2022

Firas Al Otaibi
2175 Widgeon DR.
Johnstown, CO 80534

Dear Mr. Otaibi:

This email is to inform you that the following information is missing from your petition dated October 5, 2021 (Docket No. FAA-2021-0942). This information is necessary for the Federal Aviation Administration (FAA) to continue the review of your petition.

14 CFR §11.81 identifies the required information you must submit in your petition for an exemption. Specifically, you must submit the reasons why granting your request would be in the public interest; that is, how it would benefit the public as a whole and the reasons why granting the exemption would not adversely affect safety, or how the exemption would provide a level of safety at least equal to that provided by the rule from which you seek the exemption. (14 CFR §11.81(d) and (e)) Additionally, if you wish to exercise the privileges of your exemption outside the United States, the reason(s) why you need to do so must also be described.

In your petition, you describe your aeronautical experience and list several air carriers where you have been employed. However, it appears that the air carriers you have referenced are not FAA certificated part 121 air carriers. Please describe your air carrier experience, where you operated as a pilot, for a FAA certificated part 121 air carrier (if any) and provide documentation that would show evidence of this experience.

What You Need To Do:

If you would like the FAA to review your request any further, you must send the information described above by March 23, 2022 before 11:59PM ET. We will consider the docket on your request open during this period.

Please submit the additional information (non-proprietary) as a comment to your docket at www.regulations.gov, and save the tracking number generated after submission. Proprietary information may be submitted electronically to Christopher Hammon at Christopher.Hammon@faa.gov and Sean O'Tormey at Sean.P.O'Tormey@faa.gov.

If the FAA Does Not Receive the Requested Information From You:

If the FAA does not receive the requested information in sufficient detail necessary to process your petition by the date indicated above, the FAA will take no further action on this petition and close the matter without notifying you further. If you have any questions or require additional time, you may contact me via email at Christopher.Hammon@faa.gov

Thank You,

Christopher Hammon
